

WORKFORCE DEVELOPMENT SUSTAINABILITY CONFERENCE

What will our future Workforce look like?

A SCARCE WORKFORCE!

RAPIDLY GROWING AND DIVERSE POPULATION!

CONSUMER DEMANDS!

INNOVATIVE TECHNOLOGY

HOSPITALS OR COMMUNITY SERVICES?

WORKFORCE DEVELOPMENT SUSTAINABILITY CONFERENCE

We as a health industry face major challenges over the next 20 years.

Are you ready?

- How can we be sure we will have the trained people we need?
- How can we be prepared for the demand on our services and our facilities?
- How can we fund a future health service?

Counties Manukau District Health Board will host three interactive Sustainability Conferences.

The first of these will focus on **WORKFORCE DEVELOPMENT**. We will examine how our workforce in primary, secondary and community care, must adapt to meet the needs of our future health consumers.

This conference will be opened by the Hon Pete Hodgson (MP Minister of Health).

Of interest to:

- Health Professionals in primary, secondary and tertiary care
- Non-Government Organisations
- Community Groups
- Local and Central Government Agencies
- The Recruitment Sector

General registration \$300.00

Discounted registration \$150.00

(student/community group/NGO)
